

Background: The Health Insurance Marketplace will send Form 1095-A to each tax filer (as defined under 45 CFR 155.300), or responsible adult on a policy, on or before January 31st of each year. The following document represents a cover sheet that the Marketplace will include with the completed 1095-A that will be sent to each tax filer or responsible adult. Individuals will receive a completed Form 1095-A if they or a member of their household were enrolled in a qualified health plan (QHP) through the Marketplace for any months in the coverage year, with or without receiving advance payment of the premium tax credit (APTC). Form 1095-A lists the individuals who were enrolled in a QHP, the QHP premium, and any APTC that was paid on the enrollee's behalf to the issuer. This cover sheet will go to individuals who are receiving a **corrected** Form 1095-A.

Dear [Insert FNLNS of Tax filer or Responsible Adult]:

A **corrected** "Form 1095-A, Health Insurance Marketplace Statement" is enclosed for coverage year 2016. You'll need information from this form when you file your 2016 federal income tax return.

Important: See **Marketplace-assigned policy number [xxxxx]** in Box 2 of this form. You should disregard all earlier versions of Form 1095-A for Marketplace-assigned policy number [xxxxx] because they're now void. This notice **doesn't** apply to a Form 1095-A with a different Marketplace-assigned policy number, if you have one.

We're sending you this corrected Form 1095-A for one of these reasons:

- It includes changes to your original Form 1095-A for this policy number.
- Your health coverage with this policy number was reinstated.

Important: Use this corrected Form 1095-A to complete "Form 8962, Premium Tax Credit" and file your federal income tax return. A copy of this information also has been given to the Internal Revenue Service (IRS). Keep this corrected Form 1095-A for your records.

You may get more than one Form 1095-A

This notice applies only to Form 1095-A for Marketplace-assigned policy number [xxxxx]. You may get more than one Form 1095-A if different members of your household had different health plans, you updated your application information during 2016, or you switched plans during 2016. Be sure to keep all Forms 1095-A with your important tax documents.

You must file a tax return

You must file a federal income tax return if you or another member of your household received any advance payments of the premium tax credit in 2016 to lower premium costs, even if you don't normally file a return. If advance payments are made on behalf of you or an individual in your family and you don't file a tax return, you won't be eligible for advance payments of the premium tax credit or cost-sharing reductions to help pay for your Marketplace health coverage in future years.

When you file your tax return electronically or by mail, you must complete and file “Form 8962, Premium Tax Credit.” **Use the information on this corrected Form 1095-A to complete Form 8962.** The Form 1095-A also indicates which months of 2016 you and other members of your household had health coverage. You’ll need that information to complete your tax return. More information about Form 1095-A can be found in the “Instructions for Recipient” section on the back of the enclosed form. If you need Form 8962, visit IRS.gov/aca.

Changes to your Form 1095-A information

If you think information on the attached corrected Form 1095-A is incorrect, call the Marketplace Call Center at 1-800-318-2596 to find out how to get a new corrected Form 1095-A. TTY users should call 1-855-889-4325.

Why Form 1095-A is important

Form 1095-A includes:

- Information about you and any other members of your household who were enrolled in a Marketplace plan during 2016.
- Information about your Marketplace plan premium and other information you may need to fill out your federal income tax return.
- The amount of any advance payments of the premium tax credit that we paid in 2016 to a health plan on your behalf or on behalf of other members of your household.

If you had changes in your family

If you experienced certain changes in your family (for example, if you moved) during 2016 and didn’t report the changes to the Marketplace, you’ll need more information when you file taxes, in addition to what’s included in your corrected Form 1095-A. Visit HealthCare.gov/tax-tool to get the additional information you need to figure out your premium tax credit. You can also visit IRS.gov to find more details in the Instructions for Form 8962.

Will I need to file an amended return?

You may need to file an amended return if you already filed your federal tax return for 2016 **and at least one of the following is true:**

- You used information from a previous Form 1095-A with the policy number shown above.
- Your corrected Form 1095-A has zeroes printed in Part III, column B for the months you had coverage.

Visit IRS.gov and enter the keywords “amended return” for more information on when to file an amended return.

You also may get Form 1095-B or Form 1095-C

If you or members of your household had coverage in 2016 through other programs or plans outside of the Marketplace, you may also get a “Form 1095-B, Health Coverage” or “Form 1095-C, Employer-Provided Health Insurance Offer and Coverage.” It’s important to follow the instructions on these forms, so you fill out your federal income tax return correctly.

The monthly enrollment premium listed on your Form 1095-A (Part III, Column A) may be different from your plan’s full monthly premium amount

This doesn’t always mean there are errors that need to be corrected. The monthly premium on your Form 1095-A may be different from what you expect because:

- Your plan included benefits in addition to the essential health benefits required by the health care law, like adult dental or vision benefits. In this case, the monthly enrollment premium on your Form 1095-A may show only the amount of your premium that applied to essential health benefits.
- You or a household member started or ended coverage mid-month. In this case, your Form 1095-A will show only the premium for the parts of the month coverage was provided.

- You were enrolled in a stand-alone dental plan and a dependent under 18 was enrolled in it. In this case, the monthly enrollment premium on your Form 1095-A may be higher than you expect because it includes a portion of the dental plan premiums for pediatric benefits.

If any of these applied to you, the premium shown on your Form 1095-A is probably correct. If you still think the information on your 1095-A is wrong, contact the Marketplace Call Center.
