Apply for Medicaid & CHIP through the Marketplace

The Health Insurance Marketplace® helps individuals and families get health coverage. Some people who apply for coverage through the Marketplace are eligible for coverage through Medicaid or the Children's Health Insurance Program (CHIP). Their state Medicaid or CHIP agency will enroll them in coverage.

Medicaid and CHIP are free or low-cost health programs that cover many benefits including hospitalizations, doctor services, and prescription drugs. Visit HealthCare.gov/medicaid-chip-program-names to learn the Medicaid and CHIP program names in your state.

How do I apply for Medicaid or CHIP?

You can apply through the Marketplace or directly with your state Medicaid or CHIP agency. To apply through the Marketplace, visit HealthCare.gov to create a Marketplace account and complete an application. Reply “yes” when asked if you’d like to see if you can get help paying for coverage. The Marketplace will use your application to see if anyone applying for coverage may be eligible for Medicaid or CHIP. You can also call the Marketplace Call Center at 1-800-318-2596 to apply. TTY users can call 1-855-889-4325.

Who qualifies for Medicaid or CHIP?

In all states, Medicaid and CHIP provide health coverage for some individuals and families, including children, parents, pregnant women, the elderly with certain incomes, and people with disabilities. In some states the programs cover other adults below a certain income level.

Children in families with income too high to qualify for Medicaid may still be eligible to enroll in CHIP.

If you live in a state that expanded Medicaid for adults, you may qualify in 2021 if you make up to $17,774 a year for 1 person, or $36,570 for a family of 4 (income thresholds are different in Alaska and Hawaii). You may qualify for reasons other than just income. Each state has different requirements that can affect your eligibility for Medicaid and CHIP, like if you have children, are pregnant, or have a disability. It's important to apply to see if you qualify, and to provide your most accurate and current information.

If your income is higher than the usual qualifying amounts, you may still qualify for Medicaid in some states, depending on your medical needs. To see if you qualify for this reason, you can check a box to request a full Medicaid determination after you submit your Marketplace application.

What does Medicaid cover?

Medicaid generally covers:

- Hospital services
- Doctor services
- Nursing facility services
- Certified pediatric and family nurse practitioner services
- Nurse midwife services
- Family planning services
- Home health services
- Rural Health Clinic services
- Laboratory and X-ray services
- Smoking cessation for pregnant women
- Federally Qualified Health Center services

States can choose to cover more services than those listed above.
What does CHIP cover?

Each state plans its own CHIP program. States can decide on the benefits CHIP covers, but all states cover regular check-ups, immunizations, emergency services, hospital care, dental care, and lab and X-ray services. Children get free preventive care, but low cost sharing, like a deductible or copayment, may be required for other services.

If I have Medicaid or CHIP, do I need to buy a Marketplace plan?

No. If you’re found eligible for Medicaid that counts as qualifying coverage, or for CHIP, you don’t need to buy a Marketplace plan. To learn more about Medicaid that counts as qualifying coverage, visit HealthCare.gov/medicaid-limited-benefits.

If you still want to buy a Marketplace plan, you’ll have to pay full price for the plan premium and covered services. If you choose to keep this Marketplace coverage without financial help, you should tell your state Medicaid or CHIP agency that you’re still enrolled in a Marketplace plan.

To learn about ending Marketplace coverage when you’re eligible for Medicaid, visit HealthCare.gov/medicaid-chip/canceling-marketplace-plan. If you stay enrolled in Marketplace coverage without financial help, you may no longer be eligible for CHIP.

When can I apply?

You can apply for Medicaid and CHIP at any time. If you qualify, your coverage will be retroactive back to the date you applied, or up to 3 months earlier in some states.
