# Consumer Outreach

\* Consumers who submit documents can get additional notices and calls, which do not replace the notices and calls that all consumers receive.

# Impact of DMI Expiration

DMI	Expiration Description	Impact
Annual Income	Applicant is unable to document annual household income is within 25% or \$6,000 of attested income	Household's eligibility for financial assistance is adjusted, possibly to nothing, based on the level of income on record with Exchange trusted data sources
Citizenship/Immigration (Cit/Imm)	Consumer is unable to verify an eligible citizenship or lawful presence status	Consumer loses their eligibility for Exchange coverage and is terminated if enrolled
American Indian/Alaskan Native (AIAN) Status	Consumer is unable to verify they are a member of a Federally recognized tribe or shareholder in an Alaska Native corporation (ANCSA)	Consumer loses their eligibility for financial assistance provided specifically to members of Federally recognized tribes, which is eliminated if enrolled
Non-Employer Sponsored Coverage Minimum Essential Coverage (non ESC MEC)	Consumer is unable to verify they are not eligible/enrolled in Non-Employer Sponsored Coverage	Consumer loses their eligibility for financial assistance, which is eliminated if enrolled
ESC MEC (OPM Only)	Consumer is unable to verify they are not eligible/enrolled in Employee Sponsored Coverage from OPM	Consumer loses their eligibility for financial assistance, which is eliminated if enrolled

# Why are DMIs Generated?

- A consumer's data may not match information at our trusted data sources
- A trusted data source may not have data for a consumer
- Information is missing or incorrect on the application
  - A consumer failed to provide a Social Security Number (SSN) on their application
  - A consumer failed to provided all household income on the application
  - A consumer's name used for their application differs from how it appears on their citizenship document or other document
  - A consumer failed to provide their immigration document numbers and ID numbers

See Appendix A for more details about why DMIs are generated.

# Tips for Preventing and Resolving DMIs

# General Tips for Preventing All DMI Types

Complete all possible fields in the application

Ensure consumer's name exactly matches documents such as their social security card

Non-applicants in the household are strongly encouraged to provide an SSN if they have one

Double check that the information on the application is complete and that there are no errors or typos

# Steps to Help Resolve DMIs

1. Help confirm if the consumer has a DMI through My Account and notices
2. Help the consumer go back to the application to confirm the information that is included is correct
3. Help consumer submit document(s) online or by mail to resolve their DMI

See Appendix B: Steps to Help Resolve DMIs for additional details

# DMI Scenarios

# Annual Income DMI Scenario

 Jane Doe submits an application, which has an Annual Income DMI – she receives EN

 Jane receives a 90-Day Warning Notice requesting documents sent by the Exchange

 Jane sends in a W-2 that lists her income as \$25,000 for 2017

 The Exchange uses the W-2 and IVT to project Jane's income for 2018. Projected income = \$25,000, but attested income = \$14,000. Attested income is \$9,000 (36%) less than projected, which is outside of the acceptable verification threshold (25% or 6,000)

  Jane receives an insufficient document notice and call from the Exchange detailing the discrepancy

  Jane receives 60 and 30-Day Warning Notices and e-mails from the Exchange

 Jane receives a warning call from the Exchange (3 attempts are made at different times of day)

 Jane does not respond and her issue remains open

  DMI clock runs out and the DMI is expired by the Exchange , expiration notice sent

  Jane's eligibility is rerun with the income information from the HUB and she loses APTC and CSR starting at the beginning of the next month. Jane receives a new EN.

# Citizenship DMI Scenario

 John Smith submits an application, which has a citizenship DMI – he receives an EN

 John receives a 90-Day Warning Notice requesting documents sent by the Exchange

 John receives a 60-Day Warning Notice from the Exchange and an e-mail from OC

 John sends in a copy of his birth certificate

 The Exchange reviews the birth certificate and finds it insufficient

 John receives an insufficient document notice and call from the Exchange explaining that we need another document or a new set of documents

 John receives a 30-Day Warning Notice

 John uploads a copy of his drivers license

 The Exchange reviews the license and resolves the DMI, and John receives a DMI resolution notice

 John's coverage continues unchanged

# Special Enrollment Period for Cit/Imm DMIs Resolved After Expiration

-  Consumers with **citizenship/immigration** DMIs who do not resolve within 95 days will have their Exchange coverage terminated.
-  If these consumers ultimately submit documentation to the Exchange and resolve their DMI, they can regain Exchange coverage through a Special Enrollment Period (SEP).
  - The consumer can choose to enroll with a prospective or retroactive coverage date.
-  If a consumer qualifies for a SEP to change plans or enroll in coverage, they will have 60 days from the beginning of the SEP to enroll.

# Questions

---

# Appendix A: Why are DMIs Generated?

# Why are Annual Income DMIs Generated?

- Annual income data matching issues can be generated for a variety of reasons, including:
  - **A consumer failed to provide a SSN on their application.** Annual household income may not have been verified if the consumer didn't provide their SSN or the SSNs of all members of their household. Only applicants who have SSNs, and an applicant's household tax filer who has an SSN, are required to provide their SSNs, but providing them for all household members on the application helps the Exchange verify annual household income without generating DMIs.
  - **A consumer failed to provided all household income on the application.** Income must be projected for all household members, even those not applying for coverage.
  - **A consumer did not file taxes.** In order for the Exchange to match an applicant's annual household income data with IRS data, it's necessary for everyone in their household to have filed taxes, if they were required to do so. Without a tax return, the Exchange may not be able to verify the income information on the application.
  - **A consumer's household composition may have changed affecting their household annual income.** Verify that any changes were accounted for and included in the projected household annual income total on the application.

# Why are Citizenship DMIs Generated?

- Citizenship data matching issues can be generated for a variety of reasons, including:
  - **A consumer failed to provide a SSN on their application.** Only applicants who have SSNs, and an applicant's household tax filer who has an SSN, are required to provide their SSNs, but providing them for all household members on the application can help the Exchange confirm citizenship with SSA.
  - **A consumer's name used for their application differs from how it appears on their citizenship document or other documents** (such as Social Security Number), and they did not provide their name as written on those documents.

# Why are Immigration DMIs Generated?

- Immigration data matching issues can be generated for a variety of reasons, including:
  - **A consumer's name used for the Exchange application differs from how it appears on their immigration document or other document** (such as Green Card), and they did not provide their name as written on those documents.
  - **A consumer failed to provide their immigration document numbers and ID numbers**, if applicable. This could include the Alien Number or "A #" (sometimes also the USCIS number) or I-94 number.
    - Note: An applicant with an Alien number that is 7 or 8 digits should add 1 or 2 zeroes ("0" or "00") at the beginning so the number is 9 digits long.

# Appendix B: Steps to Help Resolve DMIs

# Step 1 to Resolve DMIs: Confirm the DMI

- **Help confirm if the consumer has a DMI**
  - Read the full eligibility determination notice from the Exchange. If a consumer has a data matching issue, the notice will say, “Send the Marketplace more information.” It is important to identify which members of the household have data matching issues that need to be resolved.
  - Consumers can also determine whether they have an unresolved data matching issue by checking the *Application Details* sections of their Marketplace accounts for a list of all unresolved inconsistencies.

An applicant with a DMI will see language in red that says “temporary eligibility.” This language alerts them that they must provide more information to keep their coverage.

We've successfully processed your application.

### Step 1: View Your "Coverage Options at a Glance"

This section gives a quick snapshot of your eligibility. It's important to view your full "Eligibility Results" for more detailed information. Continue to Step 2.

	Eligible	For <a href="#">Medicaid</a>
	Eligible	For Marketplace health plans
	Eligible	For up to \$534 in premium tax credits for your household
	Eligible	For lower copayments, coinsurance, and deductibles (cost-sharing reductions) on Silver plans

**Temporary eligibility:** You need to provide more information within the next 3 months to keep your coverage. View your "Eligibility Results" to learn how to submit this information.

### Step 2: View Your "Eligibility Results"

Your "Eligibility Results" contain important information about your Marketplace coverage, including your eligibility for coverage, costs, deadlines, and next steps. If you're eligible for coverage through a Marketplace plan, you'll continue to Step 3 to enroll in coverage after you review your results.

**You're eligible for a Special Enrollment Period.** Select "View Eligibility Results" to find out when you can select a plan or change plans. If you miss the deadline, you may not be able to enroll in a Marketplace plan until the next Open Enrollment, unless you qualify for another Special Enrollment Period.

# Step 2 to Resolve DMIs: Update the Application

- **Help the consumer go back to the application to confirm the information that is included is complete and correct.**
  - Double check there are no errors or typos.
  - Confirm all members of the household applying for coverage have provided accurate SSNs, *if they have one*. Remember: non-applicants (other than the tax filer) are not required to provide their SSNs, but are strongly encouraged to do so if possible.
  - Review projected income to make sure it is as accurate as possible and remind consumers to report any changes in income or other application information within 30 days of the change.
  - Check their communication preferences for notifications from the Exchange to make sure they are getting the correct information.
  - If there are changes to their application resubmit the application to see if the consumer still has a data matching issue.
  - If a consumer's name used for the Exchange application differs from how it appears on their immigration document or other documents (such as Social Security card), advise the applicants to provide their name as written on those documents.

# Step 3 to Resolve DMIs: Identify Documents

- **Help consumer submit document(s) to resolve their DMI**
  - Check the consumers EDN and DMI notices to confirm what documents need to be submitted
  - If the consumer has already submitted documents, confirm they are the correct type of documents for their DMI.
  - It may be necessary to submit multiple documents to resolve one DMI.
    - For example, consumers who submit birth certificates to prove citizenship will also need to submit an additional document that has a photograph **or** other information (i.e., name, age, race, height, weight, eye color, or address).

# Step 4 to Resolve DMIs: Submit Documents

## Tips for document submission:

- Not every document consumers may want to upload is included in the drop-down menu of *Document Types* viewable after clicking *Verify* in the *Application Details* section of consumers' *My Account*. If consumers need to upload a document that is not listed, they should choose "Other" from the drop-down menu.
  - Encourage consumers to upload their documents instead of mailing them. If the document is uploaded successfully, it should show up as *submitted* under *Application Details* right away.
  - Ensure that the documents consumers submit electronically are in one of the following formats: .pdf, .jpeg, .jpg, .gif, .xml, .png, .tiff, or .bmp, and are no larger than 10 megabytes.
- If consumers do mail in documents, tell them to send copies, not their originals, and to include the barcode from their notice and also include their name, state, and application ID on any documentation they are submitting.
